Final Development Company

Is one of the best copper properties in the state and its stock is rapidly being taken up by investors who realize that not only will Pinal be a high price stock but the prospects of its being on a dividend paying basis is immediate.

A shaft has been started on the Port Arthur claim and indications are that sulphides will be reached from 100 to 200 feet. Watch Development

occasional substantial advances in munitions and equipments.

In the final hour, an orgent demand
for U. S. Steel, which had been little
more than firm carried the entire list
to highest levels of the session. Steel
changed hands in individual lots of
1,000 to 8,000 shares up to 121, a gain
of 2% points and within % of a point
of its record quotation.

Munitions were featured by Crucible
Steel, which rose 5% to 9%. New reords of the day were contributed by
Atlantic, Guif and West Indies common and preferred at \$1.10 and 72%c;
American Zinc preferred at \$2%c, and
American Steel Foundries at 60%c.

Numerous unclassified stocks participated in the rise at variable but for
the most part substantial gains. Coppers were relatively backward.

Motor shares again were under
marked pressure. Marines were inclined to lag, but came forward inter
